

Christian John Calderon Duque

JUNIOR FULL STACK MOBILE AND WEB DEVELOPER

Address: Balabago, Jaro, Iloilo City
Phone: 09604180219
Email: duquechristianjohncalderon@gmail.com
Portfolio: <https://cjblack-dev-minimalistic-portfolio.vercel.app>
Github: <https://github.com/CJBLACK24>

Summary

Junior Full Stack Developer with hands-on experience building real-world web applications from frontend to backend. Skilled in developing secure, responsive, and user-friendly systems including authentication, admin dashboards, and mobile-ready interfaces. Interested in web and mobile development and open to contributing across different technical areas. Highly motivated to learn, follow best practices, and deliver quality output during OJT. Familiar with Next.js and modern development workflows

Education

Bachelor of Science in Information Technology

Western Institute of Technology — Luna St., La Paz, Iloilo City, Philippines 5000
November 2022 – April 2026

Certifications

- HTML Essentials Course
- JavaScript Essentials 1
- Python Essentials 1

Project Experience

University Management Dashboard — Full-Stack PERN Application

Live demo: <https://modern-university-management-dashbo.vercel.app>

GitHub: <https://github.com/CJBLACK24/Modern-University-Management-Dashboard-2026>

- Built and shipped a production-ready *PERN stack university management dashboard* in a rapid development cycle.
- Implemented *multi-role authentication* (Admin, Teacher, Student) with strict role-based access control.
- Designed scalable academic structure (*Departments → Subjects → Classes*) with class orchestration logic.
- Built *Google Classroom-style code-based enrollment* with backend validation
Developed *real-time analytics dashboards* for enrollment and faculty distribution
- Integrated *Arcjet* for bot protection and request security.
- Used *NeonDB* as the *PostgreSQL* instance and *Drizzle ORM* for type-safe relational modeling.
- Implemented *Better Auth* and *Nodemailer* for passwordless magic links and email verification.

Technical Skills

Frontend / Web & Mobile Development

- Next.js
- React, React Native
- Tailwind CSS
- HTML5, CSS3
- Framer Motion
- Responsive UI Design

Backend Development

- Authentication (Google OAuth)
- Databases & Data Handling
- Prisma / Drizzle ORM
- API Integration
- PostgreSQL
- MongoDB
- Express.js
- Node.js

Programming Languages

- JavaScript (ES6+)
- TypeScript
- Python
- Java
- R

CI/CD & DevOps

- Git & GitHub Actions
- Vercel
- Environment Variables
- Deployment

Security & Performance

- Arcjet
- Rate Limiting
- Bot Detection
- Shield Protection
- JWT (JSON Web Token) & better-authentication
- Password Hashing

Development Tools & Services

- Google APIs / Google Developer Tools
- Figma
- AI-assisted Development
- EmailJS
- Nodemailer
- Cloudinary

Soft Skills

- Strong problem-solving and debugging skills
- Effective team collaboration and communication
- Adaptability and fast learning in complex systems.
